CORDRY & CRAIG COMMENT:

We are sincerely indebted to the 176 persons who placed orders for items on our pricelist #1; we are even more indebted to the 167 of these 176 who have already settled their accounts! Our desire is to establish a small but select clientele of serious collectors who appreciate quality and expert appraisal. Such collectors are welcome to use our services in any manner they require - whether it be research inquiry, wantlist acquisition, collection disposal, or simply for "coin talk." Please do not hesitate to communicate with us about anything of interest to you. We have the time and the interest.

Our editorial on grading as printed on page 35 of List #1 attracted many comments. We were impressed by the number of collectors who had already recognized the truth of that message. Considering the longevity of collecting experience of several of those who most heartily agreed, we deduce that learning to analyze the dealer rather than to compare price is a lesson most people learn the hard way...

For those collectors who are interested in more coins than they can afford at the moment, we have a solution (due to empathy!) Let us know which pieces you desire to acquire and tell us when it would be convenient for you to settle the account (even if you require 30 to 45 days.) There is an excellent chance that we can accommodate your needs.

Collectors should also remember that we will reimburse your entire postage expences upon request for any items you return due to overgrading or misrepresentation. We are pleased to announce that not one collector used that service on our first pricelist.

Finally, we are anxious to meet our clients; if you are at any of the following conventions, please let us make your acquaintance:

Houston, Texas	Feb. 2-4	Rice Hotel
Long Beach, Calif	Feb. 15-18	Municipal Aud.
Los Angeles, Cal.	Feb. 22-25	L.A. Hilton
